

AS OF
NOVEMBER 2023 —

As the end of year approaches, make sure your Lube Room is up-to-date with necessary items like our **Transfer Equipment**, especially with the edition of the newest **5 Gallon Pail Kits**. Storage solutions are available with our **Durham Line**, and Custom Solutions are available for inquiry with our **Lubrication Storage Rooms** and **Custom Bulk Filtration Systems**. Contact a ForFluids rep. for more information, and check out **ForFluids.com** for our full line of products.

TRANSFER EQUIPMENT FEAT.

A VARIETY OF PUMPS

Choose from hand pumps that can handle fluids up to ISO 460, with others specially designed to handle up to ISO 680. Also available are Battery Operated Pumps that can handle fluids up to ISO 680. Use with all containers available at ForFluids with ease.

OILSAFE DRUMS

3 different sizes great for transfer and storage purposes (3L, 5L, and 10L) that form a fully sealed unit when paired with any of the OilSafe Lids.

5 GALLON PAIL KITS

The largest transfer container available, complete with an easy-label color coded tag available in 10 shades. Provided in a kit with a Pump Adapter, to integrate with favorites like the Battery Operated Pump/Premium Hand Pump.

OILSAFE DRUM LIDS

Brightly colored for identification, and fully interchangeable in 5 different styles (3 different spouts, a storage lid, and a utility lid for pumps) for any OilSafe drum. Keeps dirt out with quick-twist spouts and allows for smooth pours with auto shutoff air-intake.

Keep your workplace running clean and efficiently with a wide range of Transfer Equipment available at ForFluids. Convenient storage and transfer drums are available in **3L, 5L, 10L, and 5 Gallon sizes**, compatible with **Color Coding Practices** that fit in with the rest of your business. Each container is compatible with available **Hand Pumps** and **Battery Operated Pumps** for easy fluid transfer. Stay assured your units will stay secure and clean in your day-to-day practices with every option.

DURHAM CABINET FEAT.

STORAGE CABINETS

A variety of cabinets with options for shelves and bins for organization. Choose from ventilated units, space saving units, and more.

MOBILE STORAGE/TRANSFER

Transfer bulk items with utility carts, or mobile storage units. Perfect for a changing workplace.

WALL MOUNTED UNITS

Keep storage convenient without taking up floor space.

FLAMMABLE SAFETY

FM approved for containing your hazardous materials. Units have electrical grounding and can be immediately recognized with their safety yellow, powder coat finish.

JOBSITE STORAGE

Heavy-duty storage perfect for outdoor applications, with architecture paint.

Check out the new line specializing in top-of-the-line industrial units and storage solutions including **workstations, safety cabinets, ventilated cabinets, utility carts**, and more, in a wide range of sizes. Units are constructed of all-welded steel to ensure a long life in plant maintenance and industrial applications. Depending on your work environment and storage needed, choose a cabinet that allows you to store, organize, and secure your tools and materials.
